

EMERALD KEEPERS

For an Emerald Green, Ocean Blue Coronado

THANK YOU

As we reflect on 2021, Emerald Keepers is grateful to those who have given of themselves to advance our goal of making Coronado a model city for sustainability. Thank you to everyone who picked up trash on the beach and around town, read our educational pages and articles, made sustainable choices, and took time to write our City Council to advocate for a strong Climate Action Plan. And to those who shared our message of sustainability with friends and family, participated in our educational events, took our VoiceMap Golden Sands Walking Tour from Stan's Beach to Dog Beach, and championed our CHS Emerald Keepers Club and their compost and garden. Heartiest

congratulations to our Emerald Keepers of the Month who serve as role models for us all.

To our partners who worked closely with us over the past year — especially our Emerald Green, Ocean Blue Restaurants and other Businesses that committed to more sustainable practices and products — our sincerest appreciation. A special thank you to the City of Coronado for selecting our banners to grace Orange Avenue the first three months of the year. And a very warm thank you to the individuals below who donated generously to further Emerald Keepers' message and mission.

Here's to an Emerald Green, Ocean Blue 2022!
