

EMERALD KEEPERS

For an Emerald Green, Ocean Blue Coronado

VOTE EMERALD GREEN, OCEAN BLUE

One of the most important actions we can take to protect our environment is to vote for local, state, and federal representatives and initiatives that commit to supporting a healthy planet.

The November 2022 ballot includes two issues that will directly influence Coronado's environmental progress:

CORONADO CITY COUNCIL

In 2023, the council will vote on the implementation of a Climate Action Plan and investment in infrastructure to support Coronado's environmental goals. Meaningful environ-

mental action in Coronado is dependent on City Council members who are committed to ensuring a safe and healthy future for people and the planet.

City Council candidates shared their positions on environmental priorities: emeraldkeepers.org/news

PROPOSITION 30

State-sponsored Proposition 30 will fund programs to reduce air pollution and prevent wildfires by increasing taxes

on personal annual income over \$2 million (Coronado's median income is \$106,900).

Every local, state, and federal elected official can impact environmental progress. Nonpartisan voting guides are available at Calmatters.org or Votersedge.org. Both provide detailed information on candidates.

Coronado residents can vote by mail or in person at the Coronado Library between 7:00 am and 8:00 pm from October 29 to November 8, 2022.

Make the environment part of your voting criteria for an Emerald Green, Ocean Blue Coronado.

CAMPAIGN YARD SIGNS **NOT** RECYCLABLE

Campaign yard signs and their metal stakes are ineligible for our local curbside recycling. The metal stakes cause problems when placed in recycling bins as they can jam the recycling machinery.

Residents are encouraged to reuse

or repurpose the signs to keep them out of the landfill. Or, return the yard signs to the candidate.

Emerald Keepers is collaborating with all the candidates to ensure the plastic signs are disposed of properly and the metal stakes are taken to

a scrap-metal facility for recycling. Contact your candidate to confirm sign collection locations and dates.

Emerald Keepers celebrates our citizens' political engagement while promoting an Emerald Green, Ocean Blue Coronado.
